The image shows a MongoDB CLI window with several tabs at the top: 'Welcome', 'mongosh: FIAP', 'TestsDb', 't_clinica', 'mongosh: FIAP', and 't_cliente'. The active tab is 't_cliente'. The main area displays the following commands and their output:

```
>_MONGOSH
> use TestsDb
< switched to db TestsDb
> db["t_clinica"].find()
< {
  _id: ObjectId('6803c947b0fbca3135db5947'),
  clinica_id: 'cli_001',
  nome: 'Clínica OdontoMais',
  especialidades: [
    'Ortodontia',
    'Implante'
  ],
  cnpj: '1234567811000150',
  dias_disponiveis: [
    'Segunda',
    'Terça',
    'Quarta',
    'Quinta',
    'Sexta'
  ],
  turno_disponivel: [
    'Manhã',
    'Tarde'
  ],
}
```
